%	18.68%	26.57%	32.22%	3.82%	18.07%

This chart reflects the number of stops, of individual Des Moines residents, by DMPD for 6 years. The original data used to create this chart is adjusted so that a stop leading to multiple citations is shown as one stop.

For each year, the chart represents the number of stops, by race, and the number of arrests related to those citations, by race.
